VOL. 26, NOS. 1–3 **CONTENTS** **JUNE 1997**

Preface 1

Alphas — basic questions

Alpha oscillations in brain functioning: an integrative theory
E. Başar, M. Schürmann, C. Başar-Eroglu, S. Karakaş (Germany, Turkey) 5

Alpha rhythms as physiological and abnormal phenomena
E. Niedermeyer (USA) 31

Functional distribution of alphas in the brain: EEG and MEG

Magnetoencephalographic cortical rhythms
R. Hari, R. Salmelin, J.P. Mäkelä, S. Salenius, M. Helle (Finland) 51

Study of human occipital alpha rhythm: the alphon hypothesis and alpha suppression
S.J. Williamson, L. Kaufman, Z.-L. Lu, J.-Z. Wang, D. Karron (USA) 63

The possible meaning of the upper and lower alpha frequency ranges for cognitive and creative tasks
H. Petsche, S. Kaplan, A. von Stein, O. Filz (Austria) 77

Spatio-temporal dynamics of alpha brain electric fields, and cognitive modes
D. Lehmann, T. Koenig (Switzerland) 99

How reproducible is the topographical distribution of EEG amplitude?
A. Burgess, J. Gruzelier (UK) 113

Foot and hand area mu rhythms
G. Pfurtscheller, Ch. Neuper, C. Andrew, G. Edlinger (Austria) 121

Driven and synchronized brain activities in the α band: a neuromagnetic test for frequency responsiveness
L. Narici (Italy) 137

Alpha activity: intracranial measurements and physiology

A possible role of evoked alpha in primary sensory processing: common properties of cat intracranial recordings and human EEG and MEG
M. Schürmann, C. Başar-Eroglu, E. Başar (Germany, Turkey) 149

Phase correlation among rhythms present at different frequencies: spectral methods, application to microelectrode recordings from visual cortex and functional implications
T. Schanze, R. Eckhorn (Germany) 171

Rhythms in the alpha band in cats and their behavioural correlates
A. Rougeul-Buser, P. Buser (France) 191

Low-frequency oscillations of visual, auditory and somatosensory cortical neurons evoked by sensory stimulation
H.R. Dinse, K. Krüger, A.C. Akhavan, F. Spengler, G. Schöner, C.E. Schreiner (Germany, USA, France) 205

The contribution of glial cells to spontaneous and evoked potentials
R. Galambos, G. Juhász (USA, Hungary) 229

Nonlinear dynamics and brain function

Alpha rhythms: noise, dynamics and models
F.H. Lopes da Silva, J. Pijn, D. Velis, P.C.G. Nijssen (The Netherlands) 237

Non-linear dynamics of alpha and theta rhythm: correlation dimensions and Lyapunov exponents from healthy subject's spontaneous EEG
J. Röschke, J. Fell, K. Mann (Germany) 251

Segregation of the thalamic alpha rhythm from cortical alpha activity using the Savit—Green *S*-statistic and estimated correlation dimension
W.S. Pritchard, D.W. Duke (USA) 263

EEG alpha dynamics as viewed from EEG dimension dynamics
W. Lutzenberger (Germany) 273

10 Hz in relation to event-related brain activity and memory
Visual and auditory evoked phase resetting of the alpha EEG
M.E. Brandt (USA) 285
On the relationship between EEG and P300: individual differences, aging, and ultradian rhythms
J. Polich (USA) 299
EEG-alpha rhythms and memory processes
W. Klimesch (Austria) 319

Models and theories concerning alpha activity
Some aspects of alpha activity in relation to a new generalized model for the EEG
J.S. Barlow (USA) 341
A descriptive framework for information processing: an integrative approach
S. Karakas (Turkey) 353
Alpha rhythm parameters and short-term memory span
I.V. Maltseva, Y.P. Masloboev (Russia, Germany) 369
Is there a way from behaviour to non-linear brain dynamics? On quantal periods in cognition and the place of alpha in brain resonances
H. Geissler (Germany) 381

Developmental and clinical aspects
Normal and pathological changes in alpha rhythms
D. Samson-Dollfus, G. Delapierre, C. Do Marcolino, C. Blondeau (France) 395
Alpha response system in children: changes with age
J. Yordanova, V. Kolev (Bulgaria) 411
Alpha EEG activity and subcortical pathology in HIV infection
T. Baldeweg, J.H. Gruzelier (UK) 431

History
The early history of EEG data-processing at the Massachusetts Institute of Technology and the Massachusetts General Hospital
J.S. Barlow (USA) 443

Panel discussion
Functional correlates of alphas
E. Başar, M. Schürmann (Germany) 455

Author index 475
Subject index 477
